You have been referred to the **Renal Options Clinic**. The clinic operates on a Monday morning between the hours of 9am and 12 noon.

The **Renal Options Clinic** is located on 4 west, which is on the fourth level of the main hospital ward block.

Appointments are made through telephoning the Secretary on 91133885. Please inform the secretary if it is your first visit to the clinic.

During your first visit at the **Renal Options Clinic** you will attend an education session where the options for the treatment of chronic kidney disease will be discussed. Please bring an interested relative or friend with you so that they can find out more about these options too.

You will then see the following people so **be prepared to stay for at least two hours on your first visit.**

Staff available to the clinic include:

The Nephrology Nurse Consultant (CNC). The CNC co-ordinates the clinic and is responsible for education in particular the different types of treatment options available for kidney disease.

The Renal Social Worker can assist you with dealing with the emotional, practical and social changes resulting from kidney disease.

The Renal Dietitian is available to assist you with the special diets needed by patients with kidney disease.

It is important that you continue to attend regular appointments with your kidney doctor.
